TRILINGUAL MARKERS

The 21 trilingual historical markers (Spanish, French and English) celebrate the unique heritage of Iberia Parish and designate significant historic buildings in New Iberia. These markers replace original markers which were presented by the members of Iberia Cultural Resources Association in its early years.

ORAL HISTORY PROJECT

In the Cajun tradition of storytelling, Iberia Cultural Resources has been collecting and publishing oral histories by residents who grew up in Iberia Parish. It is an effort to document and preserve the memories in an area that has French and Spanish roots. Residents have been invited to submit memorable stories and anecdotes that shed light on times gone by, or give perspective to places and events that have been an integral part of life in Iberia Parish. "New Iberia- What Can't Be Lost" first edition is available at Books Along the Teche on Main Street in New Iberia.

MEMBERSHIP & SYMPHONY PATRONAGE

Membership in the Iberia Cultural Resources Association is open to everyone with dues helping to fund the cost of cultural and historical programs. Annual and lifetime memberships are available. Symphony patronage provides annual support to four seasonal performances. Visit IberiaCultural.com for more information.
