DELGAMBRE DIRECT

DelcambreDirectSeafood.com

Delcambre Direct Seafood program was created to keep local commercial fishing alive and fill the off-season gap with a fresh-frozen product, Vermilion Bay Sweet White Shrimp. Originally a demonstration project with premium hand-peeled jumbo shrimp, the brand was created to show the demand for a gourmet shrimp product that adhered to the highest quality standards in processing. Delcambre Direct provides an online marketplace for consumers to connect directly with local fishermen to purchase fresh, wild-caught seafood.

The immediate success of the locally branded Vermilion Bay Sweet White Shrimp package created a new excitement among fishermen and consumers. The Port of Delcambre-owned brand has quickly expanded to include a "gumbo" shrimp package, black drum and more. They are committed to a superior, sustainable product that also preserves fisheries for generations to come.
